GENERAL INFORMATION

PRICING

Catalog pricing is subject to change. Check website for up-to-date and accurate pricing.

ARTWORK

Camera-ready art: imprint quality depends on the artwork supplied with purchase orders. To avoid delays, please supply clean and complete camera-ready artwork. Emailed art should be sent at 300 dpi or greater. Unless otherwise indicated on the order or email, all art will be printed at maximum imprint size. Digital art requirements: We are PC based and cannot guarantee that files sent with MAC formats will be usable. Please fax or email a copy of artwork with order for comparison purposes. Adobe Illustrator EPS or PDF files are recommended as they provide superior reproduction quality and allow images to be resized without loss of detail and/or sharpness. The purchase order number must be in the subject line and company name should be included in the body of the email so that art can be matched with purchase order. Due to SPAM and email volume, emails sent without referencing purchase order number in the subject line will not be opened. A new setup charge will be billed for modifying and/or changing any logo when a Screen or Plate has already been made. Our art department has the right to refuse any artwork they deem unusable or does not meet our requirements. Artwork is kept on file for 2 years. Artwork cannot be transferred without the expressed written consent from the original owner of the artwork.

ART CHARGES

All imprinted orders require an Imprint Setup Charge. This charge is for any imprint, which may include logo and/or straight-line text. The set-up charge is waived for exact repeats on all products with the exception of crayon boxes. Artwork is kept on file for two years. Art that is older than two years will incur a new set-up charge. Previous Purchase Order number must be referenced for repeat orders. Additional art charges will be applied if requirements are not met and alterations or changes are necessary to meet production standards. Includes, but not limited to, rework, excessive clean up or touch up, resizing and/or color separation. Fees for these types of services are \$40(T) per half hour.

PROOFS

If a "soft" proof, also referred to as a virtual proof, is requested on the purchase order, the first two will be provided prior to production at no charge. Each additional proof will be billed \$20.00(P). All proofs must be approved by fax or email within 24 hours or the initial ship date may be delayed. Please note: any changes to the proof will result in additional charges. Pre-Production proofs are \$35.00(V). Pre-Production proofs must be approved via fax or email. The customer is responsible for any and all errors that may have been overlooked on the approval. Production time will begin after approval of the product proof has been received. Any changes to the product proof will result in additional charges. Allow at least 3 business days for processing. Pre-Production proof will be sent UPS Ground unless otherwise specified by customer. Additionally, proofs are not available on rush orders.

UNIMPRINTED ORDERS

Use next column pricing. Orders ship in 1-3 business days after receipt of the order.

COMBINED QUANTITY PRICING

All titles can be mixed and matched within same product format to achieve higher quantity pricing. Minimum quantity of 50 pieces per title when utilizing combined quantities. If the imprint copy remains the same and fits within the product's imprint size area, there will only be one imprint setup charge. Additional imprint charges will apply if copy or size changes.

IMPRINT COLORS

Imprints are available on all printed items except sticker rolls. All Puzzle Books, Coloring Books (children & adults), Sticker Books, and Activity Pads are available in your choice standard imprint colors: Black, PMS 186 Red, PMS 286 Blue or PMS 355 Green. Coloring Books for Adults, Puzzle Books, Activity Pads, and children's Coloring Books are also available with a full color imprint for an additional running charge of \$0.18 (V) per piece. Anything other than one standard color is considered a "full color" imprint. For specific PMS colors, please add a \$62.50(V) PMS Match Charge. PMS Match Charges are waived on orders that are printed in full color. Journals, Growth Charts, Slide Charts, Flash Cards, Crayon Boxes, Bookmarks, Child ID Kits, Pocket Pamphlets, Storybooks, and Activity Placemats are available with 4-color process (CMYK) imprints at no additional charge. Other colors may be available depending on quantity, please call prior to ordering.

PRODUCTION TIME

Normal production time is 7 business days. Production time does not include the day the order is received by the factory. Production time begins when:

- 1) Artwork has been received
- 2) Credit has been established, extended, or payment has been received
- 3) Ship date is specified and is within an acceptable time frame
- 4) Paper proof and/or product proof approval has been received in writing if requested on order and all other pertinent information is clear.

It is the customers' responsibility when placing the order to make sure complete information has been provided in order to process the purchase order and ship the order on time. CBS will not be responsible for missed ship dates if the above requirements are not met.

TERMS/CREDIT

Terms are available with approved credit only. New customers must supply a credit card with first order. Credit can be established by submitting credit references, which can take up to 5 business days to process (in addition to normal production time). Payments using Visa, MasterCard, Discover and American Express are accepted. If paying by check, include a copy of the check with the purchase order. There will be a \$60.00(P) Service Fee on all returned checks. All orders that are on credit hold will NOT be processed until all payment terms and conditions of the account have been met. Faxed copies of checks along with tracking number(s) will be accepted as proof of payment, but checks must be sent via overnight service. Production time and ship dates will be calculated when payment has been received and order is released to production.

EXCLUSIVE PRICING, CO-OP & CATALOG PROGRAMS

Exclusive Pricing, Co-Op & Catalog Programs are available upon request. All requests must be submitted in writing by email. An exclusive pricing number will then be assigned. Please allow up to one week for your request to be processed by customer service. All exclusive pricing or catalog purchase orders must clearly state that it is a program or exclusive pricing applies, with the program number clearly visible on the purchase order (assigned when program submitted for quotation). The minimum quantity must be ordered to receive the special pricing. If any of the above terms are not met, exclusive pricing may not be honored and catalog pricing will be charged. Customers are responsible for seeking renewal of your program annually.
